

SAFE HARBOR

SAFE-BioPharma Association is certified compliant with the US Department of Commerce and European Union Safe Harbor requirements for the protection of personal data. SAFE-BioPharma's privacy policy complies with the EU's Safe Harbor Principles. Safe Harbor Certification recognizes that SAFE-BioPharma's privacy and data security policies provide "adequate protection" for personal data from its European clients as required by the European Union's Data Protection Directive. It also enables SAFE-BioPharma to transfer personal data outside the E.U., expediting the flow of information between European clients and the United States.
